EMPLOYMENT HISTORY

Data Capturer, National Renal Care

Nov 2021 – Jan 2022

- Merged data with existing data sets carefully to keep legacy data and documentation on Nephron.'

Full-Stack Developer, Shared Value Africa Initiative (SVAI)

Feb 2021- Nov 2021

- I was part of a team that developed a mobile and web application (NileNet) for the organization that allowed SMME and potential investors to collaborate.

Business Analyst, Shared Value Africa Initiative (SVAI)

Feb 2021 – Nov 2021

- My responsibilities with this role were to make sure stakeholder requirements were met with in a time frame that was giving. I also communicated tasks/instructions between the technical team with other departments of the organization.

IT Technician / Accounts manager, MJP Support

Jun 2017 – Oct 2019

- Configured and installed software onto work equipment. Provided technical support across the organization. As accounts manager I had to invoice clients and meet monthly targets.

IEC Official, IEC

Nov 2021 – Nov 2021

- Worked to represent the IEC commission in a positive and enthusiastic manner. Ensured a fair election.

Sales Rep, The Cross Trainer

Oct 2018 - Dec 2018

- I assisted in meeting monthly targets, customer services and acquiring new products.
